

AP Studio Art Drawing Summer Assignment

1. Draw a contour self-portrait from an interesting angle on the cover of this 18 page sketchbook.
2. Do a vertical contour drawing of a room in your house in black fine line marker. Color in the focal area of the drawing using only the colors on the paint strip. Glue the paint strip into the finished project. On page 3 of sketchbook.
3. What is your favorite meal? It could be something at home or out at a restaurant. Draw the entire meal and be sure to overlap items you see on the table. I suggest you take photos using different views and work from them. Be sure to have a focal point. Page 4
4. Draw your hand holding an object that tells the viewer something about your personality. Use pencil and shade in the entire drawing with full values from white to black. Show strong contrast and fill the page. On page 5
5. Create a drawing of your favorite piece of clothing. May be done in pencil or marker. Again strong contrast and fill the page. On Page 6
6. Use the two mat boards and draw a potted plant, flowers, a tree or something else in nature. This drawing should fill the entire area and go off all four sides. Trace this drawing onto the other board. Use a marker on the white board and on the tan board use a black marker and white pencil.
7. Draw a fruit or vegetable using the gray paper as your middle value. Overlap two views of your selection. You must cut open the object and draw the inside as well as the outside. Outline and shade with a black sharpie pen and use a white pencil for highlights. You may add one other color if you wish.
8. Go to *YouTube* and search for “*Strathmore Sketchbooks*” and other art videos and enjoy. Do a double-page spread of some technique you learned from a web tutorial. You will be required to explain that page to the rest of the class the first week of school. Also google studentartguide.com - *Helping Art Students Excel*. There is a wealth of information on this site about drawing and sketchbooks from many countries.

Materials needed: black *Sharpie* ultra-fine point, *Sharpie Poster Paint* white extra-fine point, white *colored* pencil, *Ebony* pencil, ball point pen, and whatever other art materials you have. *Michael's* and *JoAnn's* have coupons online or in the Sunday paper to purchase art materials.

Check out the College Board website for examples of AP Studio Art 2D Design portfolios. Also check Pinterest for Vivian Komando and Gail Russakov – both have great ideas and techniques.

The 18 page sketchbook is going to be what you are working on in the first nine weeks in AP. It is made of 140 lb. index stock paper. This paper will be strong enough to use all art materials on. Pencil, marker, collage, watercolor as well as acrylic paint.

This sketchbooks assignments will all have something to do with you and who you are. We will include lists and thumbnail sketches on the very narrow pages.

Make sure you have all assignments done by the first day of school as we will begin working on your contour drawing cover the first day. You have seven assignments due when you return. If you spend the time over the summer and do them to the best of your ability you will have at least five quality pieces done. Please try and do one each week and not all seven the week before school begins.

Have a great summer !
